THE YEAR 1961 WILL BE REMEMBERED AS . . .

The year John Fitzgerald Kennedy, a Democrat was inaugurated the 34th President of the United States after defeating Richard M. Nixon in a very close election.

President Kennedy was the first Catholic and youngest man ever to become President. The New Frontier was explored with such groups as a Peace Corps and a brain-trust cabinet.

The United Nations faced a critical situation in the Congo, Russia and Red China caused a tense situation in Laos. Castro's Cuba was a trouble spot. The first man into space was chosen from among the seven astronauts under training. The United States sent up numerous satellites with their delicate instruments, while Russia sent up a few large satellites and attempted to send a rocket to the planet Venus.

The United States census was completed showing an increase in suburban living. The population of many cities went down, including Chehalis.

Conservatism was becoming noticeable in many of the nation's schools. Popular music, reflecting the young people's tastes, had several big bands and orchestras playing themes from such motion pictures as "The Apartment" and "Exodus."

The continental look dominated men's fashions. Tightly tapered pants, thin ties and button down collars were the rage. The girls tried to give their hair that wind-blown look patterned after Jacqueline Kennedy, the first lady and style pacesetter. Knees were exposed beneath short skirts and pointed toes were the style in shoes. At W.F. West High School the new football field was dedicated. The four tennis courts and new administration building were completed.

The Bearcat football team was the state champion by the state press poll. The Forensic Club came into its own and won many trophies. A foreign exchange fund was established to bring a student to W. F. West High School next year.

If for no other reason 1961 can be remembered as the last year for 4,048 years (until 6009, that is) that can be read upside down as well as rightside up.

W. F. WEST HIGH SCHOOL

1961

CHEHALIS, WASHINGTON

Roger Cooke . . . Editor

PREFACE

This year's Chehalin has strayed somewhat from the typical annual of the past. The many points of interest around W. F. West High School give the annual staff a rich source of material around which the yearbook can be developed. The students of W. F. West High School have some of the finest facilities in the state. The new football stadium and the tennis courts make our provision for sports complete. We of the annual staff hope you will long remember your days here. This annual has tried to picture the highlights of the year and blend them with the year's events. We hope our endeavor has been accomplished in the eyes of our readers.

ABOUT THE COVER:

The design on our cover is actually an abstract work of modern photography. The objects in the picture are highly polished steel ball-bearings, reflecting colors which surround them.

Since 1957, when the Class of 1961 entered as Freshmen, W. F. West High School has been the site of many outstanding events. The Class of 1961 was around when the first basketball team in over forty years competed in a state basketball tournament. The following year the team placed eighth in the state tournament and in 1960 the Bearcat basketballers won the State A Championship.

In 1960-61 school year, the Bearcat football team, led by the Seniors, won the mythical State A Championship in football.

During their four year stay at W. F. West, the Seniors of 1961 witnessed the renaming of the high school from Chehalis High to W. F. West High School; a community swimming pool opened at Recreation Park which the school used in P. E. Classes; the two party system of student body elections was introduced; the Forensic Club was brought back into existence; the old football stadium was torn down and a beautiful new turfed football field, track and stadium were built on the high school campus; four tennis courts came into use; a musical was put on for the all-school play, the emphasis on academics, especially science and languages, became evident with the addition of courses such as calculus.

As a freshman, Bud Wedin led the class as it tried to orient itself to its new and beautiful ecology. Roger Cooke guided the Sophomores who made the last big bonfire for the Thanksgiving Day Football game. In the spring the Seniors were honored at the Sophomore Hop "Exotica." Finally upperclassmen, the class under Phil Hines presented a formal dance, the Junior Prom "Neptune's Garden."

As leaders of the school the Seniors enjoyed a busy year. Jim James was president.

At the Senior Ball the classes tried something new in music—four track stereo tapes instead of a live band. In the spring everyone enjoyed the picnic financed by the the Senior play "Brother Goose."

The world situation caused a greater emphasis on a good education. The launching of Russia's "Sputnik," an earth satellite, brought the American youth to an increased awareness of their duty to obtain a sound academic foundation in high school. The quality of their education has been constantly measured by many tests they have taken. The pressure was on, especially on those who planned to attend college. For some, Baccalaureate and Commencement was the culmination of their formal education, for others it was a stepping stone.

FOOTBALL

The season began with a 7-0 win over Centralia, thus bringing the Shrine trophy to Chehalis for another year. Other grueling games such as a 19-13 win over North Thurston and a 13-13 tie with Mark Morris High of Longview gave the fans many thrills. The traditional Thanksgiving Day game ended in a 13-7 victory over Centralia.

After a terrific season under the direction of coaches Rod Giske, Tom Smith, and Ron Sullivan, the Bearcat team ended the year with an eight win, one tie record. The team was not only the League champion, but also achieved the distinction of being mythical state "A" champ, by virtue of the state press polls.

The 1960-61 wrestling team, coached by Mr. Harry Gust, went farther in league victories than any other team in the sport's history in our school. The Bearcats competing in a tough schedule of Class AA schools got off to a good start with a victory over Fort Vancouver, 36-16. They placed a strong second in the AA S.W.W. league with 5 wins and 3 losses. In the district tournament they finished in fifth place with 43

points in a twelve team tournament. Bill Meier (11 wins and 4 losses for the season) and Dennis Geiger (13-3) placed second to earn a berth in the state meet. The only returning lettermen from last year's squad were Alan Rasmussen (12-1) Bob Wisner (8-3) and John Travlos (14-1) team captain and winner of the Inspirational Wrestler Award. Participation in track this year was far greater than expected. With only seven returning lettermen the team had a great deal of work to do in building a strong competition. However, with determination and a squad not lacking in potential, the year proved a true success.

Much time and effort is put into every issue of the *Crimson and Gray*. Editors, writers, typists and adv. salesmen strive for perfection in order that the *Crimson and Gray* will live up to the expectations of the students. A new printing process is responsible for the improvement in the appearance of the paper. This year five delegates attended the Pacific Coast Press Clinic at the University of Washington. Mr. Chester Cooke, advisor of the *Crimson and Gray* and Susie Steepy, editor, participated in the class instruction.

FUTURE BUSINESS LEADERS of AMERICA

NANCY MULOWNEY
President

The FBLA members enjoyed, as in past years, a Christmas party, a spring banquet, and regular monthly meetings. Most students in W. F. West High School have at one time or another purchased school supplies from the FBLA supply center. FBLA, along with the commercial course offered in high school, gives students a firm background in modern business techniques. This year's officers were Nancy Mulowney, president; Elda Grant, vice-president; Delores Settel, secretary; Evelyn Rhoades, publicity; Cheryl Graham, treasurer; Carolyn Middaugh, historian; Cherry Anderson, store manager. Mr. Fay Smith is the advisor.

The Future Homemakers of America have devoted their time and resources this year around the state theme, "Rocket Away with F.H.A." They have conducted a baby sitting service, several bake sales and a banquet honoring their parents. Several members have worked through FHA on the March of Dimes. FHA hold monthly meetings preceded by a dinner—whether it be a potluck, an outdoor picnic or a meal featuring foods from various parts of the world. Delegates and officers made trips to a regional meeting, leadership training meet, Demonstration day and state convention. FHA has been successfully led this year by President Linda Talbott. Mrs. Sally Hooper and Miss Marilyn Peoples are advisors.

FORENSIC CLUB

SPENCER JOHNSTON
President

Forensic activities at W. F. West gained new impetus this year for several reasons. In January the members adopted the charter of the Forensic Club. The adoption of the charter set the true groundwork for future forensic activities in our high school. In addition to this step forward as an organization, the Forensic members have done a notable job at the different speech tournaments. At an invitational tournament at Grays Harbor College in January Chehalis members took the sweepstake trophy for best accumulative scoring. This scoring was implemented by one of our debate teams which took first and by a first in interpretative reading to other lower scores. The close of other invitational tournaments at Centralia College and St. Martin's found Chehalis had taken second place in debate and first in oratory in each case. But probably the crowning achievement of the Forensic year was the district debate tournament in Olympia where a Chehalis debate team for the second year won a right to compete at the State debate meet at W.S.U. at Pulman in April. Much credit for the success of the Forensic Club goes to Mrs. Mildred Deniston, advisor.

The full band plays at football games, at the Christmas program, at music meets, at the Spring Concert, and marches in the various parades in the twin cities. The pep band, a smaller group, plays at pep assemblies and the basketball games. This year a small "pit orchestra" was formed to provide music for the all-school play "The Lute Song".
